Greetings and welcome to the Fall 2016 issue of PlayGrapevine!

The fall season, in particular, is a very busy but FUN time in the world of Parks & Recreation in Grapevine. You will see the return of the Sunset Concert Series in October at the Botanical Gardens, the Spooktacular Swim event at The REC, the 2-day GrapeYard event, and the second annual/award winning Fossil Fest! Additionally, the parks maintenance staff begins preparations for the fall's annual programs, such as Tree Sharing, Living Legacy, and much more. We hope you are able to join us for the lively events and projects taking place this time of year!

There are many interesting and new projects going on throughout the park lands of Grapevine. Based on citizen feedback, dog park design and construction has become a top priority of the department. The concept plans for the dog park at Bear Creek have begun and the park is projected to open in 2017! Additionally, the City's parks maintenance staff rebuilt a brand new playground at Sunshine Harbor Park and completed it just in time for the summer. A few other projects include the 1.5 mile Nature Trail at Wall-Farrar Park, the construction of a greenhouse at the Botanical Gardens, a new restroom at Lakeview Park and the landscape beautification enhancements along State Highway 114 between William D. Tate and Main Street.

Even with the increase in water level at Grapevine Lake, staff was able to partially re-open The Vineyards Campground & Cabins this summer. 2015 was not kind to the Grapevine Lake, but with persistence and many man hours, the Vineyards Campground was able to open in time for the 4th of July holiday weekend. The camp hosts were happy to welcome back lake visitors for the summer season.

As always, please consider keeping up with Parks & Recreation news, special events, and opportunities to enter our social media contests throughout the year. Be sure to LIKE us on Facebook and FOLLOW us on Twitter and Instagram @ PlayGrapevine.

PLAY OFTEN - PLAY GRAPEVINE!

Warm Regards,
Kevin

Volunteerism in Grapevine

Grapevine volunteers are the greatest and they make a tremendous difference in what the city offers its residents! The Grapevine city staff, from the top down, recognizes and sincerely appreciates the impact volunteers make here and will continue to support their efforts wholeheartedly. We could never keep our environment green and pristine without our loyal and hardworking volunteers. Volunteers handle all the detail work that makes our city sparkle.

We can accommodate groups of any size and almost any day. So, call us with all your volunteer needs. We've been told, it's a worthwhile experience when partnering with Grapevine. Call 817.410.3490 or email charris@grapevinetexas.gov.

Join the movement!

Celebrate!

Regardless of the occasion, **The REC** is the perfect location for your next party.

Kyle L Anderson, MS, CPT - Kyle has been in the health and wellness industry for the last 17 years. After playing Division I football, Kyle focused on his passion for sports medicine through training rehab patients in orthotics, prosthetics, physical therapy and sports rehab. Kyle has a diverse background in the fitness industry which includes training clients for weight management, nutritional counseling, special population programming such as diabetes, arthritis and strength and conditioning for professional and student athletes. Kyle holds a Bachelor of Science in Fitness/Wellness Management, Clinical Physiology from Louisiana Tech University and a Master of Science in Exercise Physiology from the University of North Texas. Kyle's personal motto is "Reaching any goal in life takes preparation, persistence, perseverance and most of all perspiration." He loves to see others reach and exceed goals they never thought possible. When he is not focused on fitness Kyle spends most of his time with his three children sharing new adventures.

Michelle Brooks, CPT - Michelle's intense focus on the goal at hand is one of the many reasons she has been successful in training. She is certified by the National Academy of Sports Medicine in Personal Training and Optimum Performance Training for Weight Management. Michelle is also certified through the Cooper Institute in Biomechanics of Resistance Training and Indoor Cycling, as well as a certified TRX group suspension instructor. She was certified to train in Muay Thai Boxing in 1991. Michelle is constantly striving to learn more about health and fitness and its positive effects on the body. This mother of two has competed in several races including a 50K Ultra Run and a grueling 24 hour Adventure Race. Racing has helped her to gain more knowledge on how the body responds to prolonged activity. Michelle's discipline, focus and determination will be evident the first time you meet her.

Larry Coleman, CI-MPTR - Sports and fitness have always been a passion for Larry, a former collegiate basketball player from Howard Payne University. Larry received his personal training certification from the Cooper Institute of Dallas in 2007 and started his fitness company COLEMAN COMPLETE FITNESS. He furthered his education by receiving his Master Personal Training certification in 2010 and receiving certifications in Dietary Guidance and Weight Management Leadership. Larry describes his personal training style as providing intense, effective workouts while keeping things fresh, new and fun. He tailors his programs to fit the needs and abilities of each individual client, from the young to the young at heart. For Larry, God and family come first and he considers his clients as part of his family.

Kim Davis, BS Biology & Chemistry, M.Sc. Sports Management; CI-CPT; 7th Dan Taekwondo, 5th Dan Hapkido, Black Sash Senkotaris Arnis
Kim enjoys working with people of all ages to help them achieve their goals and gain benefits of a healthier lifestyle. Her fitness plans/prescriptions are scalable to meet the needs of the individual client through private or semi-private lessons. Kim's experience from over 30 years of martial arts training as a competitor and instructor is integrated with her personal fitness knowledge from the Cooper Institute as well as the American College of Sports Medicine to design fitness programs for clients of all ages.

Cassie Mitchell, CPT, CES, SFS, TRX GTC - Cassie has been wired for fitness. Since elementary school basketball, high school track and field, collegiate rugby, and other activities, she now finds herself championing others to dive into their own passion for a healthy lifestyle. After becoming a NASM certified personal trainer in 2014, she continued to pursue further knowledge of the field with corrective exercise, senior fitness, and TRX specializations to better serve clients of all ages and fitness levels. Cassie believes there is something to benefit from every style of training, and so she aims to develop programs that allow clients to

experience all different facets of the fitness world that are safe, geared toward their individual goals, and that keep things interesting!

James Oliver, NASM CPT & NASM Senior Fitness Specialist - A native to DFW, James has had a passion for health and fitness since he can remember. From an early age he was intrigued by the aspect of physical fitness and the direct and positive impact it can have on the mind and body. He specializes in Senior Fitness and considers it a pleasure to help someone in his community reach his or her goals. James received his personal training certificate from the National Academy of Sports Medicine in 2015 and went on to further his knowledge with a certification in Senior Fitness through the National Academy of Sports Medicine. James firmly believes that a healthy life is a happy one, and would be thrilled to show you the way.

Neal Smith, CPT - Neal is a graduate from Oklahoma State University and holds a degree in Health Promotion and is a certified Personal Trainer through the American College of Sports Medicine. While pursuing his degree at Oklahoma State, he ran cross country and track specializing in long distance. Neal believes that utilizing a personal trainer to reach your fitness-related goals will give you the positive momentum to make changes in all aspects of your life.

The REC Personal Trainers

What are your three top tips for maintaining a fit and healthy lifestyle? I think the three best ways to maintain a fit and healthy lifestyle are to schedule activity into your daily routine, educate yourself on what you put in your body and feed your mind with positive self-talk. Maintaining a positive outlook is key but if all else fails, just find a way to sweat. — **Kyle**

What are some questions to ask, or things to keep an eye out for, when first meeting with a prospective personal trainer? As someone who wants to begin personal training, when looking for a trainer there's a few questions to always ask. You want to know if he/she is certified by a nationally accredited organization, if they have knowledge to consider your personal needs and are aware of your limitations, what is their knowledge of the benefits of resistance training? — **James**

What are your best tips and advice on how to keep the motivation to get and stay fit

for the long haul (beyond just a month or so after the New Year's)? I always recommend to keep a fitness journal of some kind! The body takes time to make visibly noticeable changes, and this can be discouraging. But when you keep record of your workouts, it allows you to see the progress you are making either by an increase in weight or a longer jog on the treadmill! — **Cassie**

Why is it important to join a gym (rather than just going with an at-home routine or running/other sports-related activities)? It's a major mental benefit to join a gym. The atmosphere alone encourages your brain to be in a "work out" mode, but aside from that, the variety of equipment and amount of space help keep workouts fresh, exciting, and beneficial for your body. — **Cassie**

What are some of the benefits or offerings that make The REC unique from other health and fitness clubs? The REC is here for the people. It was established to better serve the citizens of Grapevine, not to make loads of money. It's a great asset to the community! — **James**

If you could give one piece of advice to someone looking to get back into a regular workout routine, or start exercising for

the first time, what would that be? If I could only give one piece of advice to someone making fitness a priority, I would say be smart by creating a plan and don't set unrealistic expectations. Technique is more important than resistance, so do the right thing first and the weight will come. — **Kyle**

What makes you excited to come to work every day? I love the energy when I come to work. I enjoy the bustling environment and everyone is always so eager and willing to help. I love being a personal trainer because it brings me joy to see people reach their goals. — **James**

Any success stories that stand out during your time as a personal trainer? My greatest success story has been working with a former professional athlete who was injured in a car wreck and diagnosed as a quadriplegic. He refused to accept he would never walk again or feed himself. So through his positive mindset, perseverance and adapted training methods he was able to return tone to his muscles rebuilding nerve connections as he regained feeling in his extremities. Today he is able to walk, he has regained strength enough to live alone and continues to work out every day. — **Kyle**

Yoga Flow Basics

Each month will start by teaching basic alignment & form of selected poses, breath work & meditation. As we progress through the month, we will add poses and create a flow using these poses & synchronizing them with the breath. We will use warm up poses that allow you to stretch deeper & cool down poses that release the muscles and allow a deep relaxation in Savasana at the end of class. We start a new flow of poses each month. Yoga will not only build strength, flexibility & relaxation but is healing to the body & mind as well. No experience necessary, class is designed to give options for all levels. Drop-ins welcome.

Introduction to Photography

This four-session introductory photography series guides students to progress beyond taking snapshots to creating photographs by focusing on composition, perspective and camera operation. We begin by exploring your camera's capabilities and learn how to manually adjust for shutter speed, aperture and ISO. This series will also help you improve your understanding of composition, light, depth-of-field, and perspective. Each two-hour session includes time for practicing the concepts and techniques discussed. Students need to bring a camera and the camera manual. A digital SLR or compact camera with manual controls is essential for this class.

Intermediate Photography (Processing Your Images)

The introductory class focuses on composition, perspective and camera operation to create images. This four-session intermediate photography series builds on the experience and skills learned in Introduction to Photography by using your photos and other students' photos to discuss composition, perspective, content and settings while processing images to improve their presentation. In this class students are introduced to an effective digital workflow using Adobe light room and other software. We cover the most important aspects of creating and maintaining your photo library while devoting most of the sessions to learning and applying the processing tools inherent in light room. Students who bring a laptop with processing software loaded will find that beneficial, but not essential. At the end of class students will be able to effectively manage their photo library and improve the look and presentation of their images.

GRAPEVINE BOTANICAL GARDENS

Heritage Park • 411 Ball Street, Grapevine, TX

The majestic beauty of the Grapevine Botanical Gardens at Heritage Park, located at 411 Ball Street, was inspired by the vision of the late Mayor Pro Tem C. Shane Wilbanks. Boasting a great-lawn, water features, walking bridges, seasonal foliage, an herb garden, a butterfly garden, education events, and friendly docents, the Garden has something for everyone. The grounds are a popular location for weddings, meetings, showers, photo shoots, marriage proposals, and other memory-making fun events. Always free of charge, the beautiful grounds are one of the hidden gems of Grapevine. **For weddings and/or rentals, call 817.410.3470.**

Calling All Volunteers!

Looking for a volunteer opportunity to bring your students, employees or members closer together? Bond over a garden project at Botanical Gardens at Heritage Park. We have projects to fit all skill levels and abilities. Have fun with your group while helping to grow the Garden. For specific opportunities, contact Lisa Grove, horticulturalist, at lgrove@grapevinetexas.gov.

KEEP GRAPEVINE BEAUTIFUL (KGVB)

Keep Grapevine Beautiful (KGVB) is a non-profit organization that exists to preserve and enhance the local natural environment by strengthening citizen's levels of commitment through educational programs and engaging volunteer-based projects. Many of these projects are in partnership with the City of Grapevine, GCISD, the Grapevine Garden Club, GRACE and other community organizations.

Additionally, the Adopt-An-Area program allows individuals, families, community groups and businesses to take an active role in keeping our community litter-free. We also offer tailored community service projects for groups.

Please email Cindy Harris, Volunteer Services Liaison, at charris@grapevinetexas.gov for volunteer opportunities. Upcoming events and general information about KGVB can be found at KGVB.org.

After a Flood:

The Bright Future of Grapevine's Lake Parks

It's not uncommon for me to meet people around town who have never heard of The Vineyards Campground & Cabins. However, as often as it happens I'm nevertheless surprised that there are Grapevine residents who are unaware that one of the country's most award winning RV and leisure destinations sits on our shores.

The Vineyards brings in people from across the US and beyond to experience a peaceful family filled getaway, seemingly unimaginable in our bustling metroplex. It's here that I've met retired Canadians with a wealth of corporate experience enjoying Grapevine's sunsets during their post-work years, parents teaching their children to fish while traveling the country on vacation, families who have spent every Labor Day weekend in the same site for ten years and Grapevine residents who can trace their lineage to the founding of our city. This place has made me believe that a quiet night under the stars, surrounded by whispering trees and the subtle murmurs of the lake is truly a universal experience everyone can enjoy with the same serene smile.

This is just one of our parks that I've had the pleasure of supervising over the last few years in Grapevine's Lake Park system, and is a place I'm ready to have reopened so that those lasting memories can continue to be created by all the people who look to the shores of Grapevine Lake for family, recreation and peace of mind. Sometimes it takes losing something to truly reflect on how meaningful it is to our daily lives.

While many may not know all the intricate ins-and-outs and opportunities of our 10 miles of shoreline in Grapevine, you would be hard pressed to find a household in Grapevine that was unaware of the flooding that occurred at Grapevine Lake following the record breaking rains of 2015. Over the last year I've had the opportunity to teach many GCISD students about Grapevine Lake, how it was created and what our dam does to prevent flooding downstream in the Trinity River Basin. Most kids thought that the lake was dug by enormous excavating machines and all the dirt taken far away, then water was piped in to fill the huge hole all the people dug (admittedly, I thought this myself as

a kid when I heard about "manmade" lakes). The flood was an event that reached everyone in Grapevine, indiscriminate of the age of the ear.

What we witnessed in Texas last spring and the fall and winter storms that followed was an unprecedented natural phenomenon that put Grapevine in the headlines and, yes, put a stop to many of your recreation plans that we work to provide. As unfortunate as it has been, the flood did much more than spoil summer fun at the lake—it galvanized relationships in the community that resulted in one of the largest community cleanup projects Grapevine has ever had, it offered occasion for adults and children alike to learn more about the natural environment, engineering and how they interconnect with daily life and it has provided your Parks Department with an opportunity to re-imagine park amenities to create a better recreation experience for you.

Every public servant that supports Grapevine's Lake Parks takes immense pride in our City and the work we do daily, knowing that your enjoyment of Grapevine Lake is our benchmark for success. You will see changes to some facilities and amenities that were damaged or destroyed as a result of the disaster, updates to outdated remnants of when the parks were managed by the Army Corp of Engineers and new features for your family to experience. Over the coming months we will be updating playgrounds and restrooms, repaving roads, adding a new paddle sport dock and rental facility at Meadowmere Park and upgrading facilities to storm rated buildings for the safety of our park goers.

The lake will recede and all the parks you enjoyed will reopen. They will once again be your place to sit in solitude and cast a line, meet friends for raucous volleyball game, bike through the woods, walk your best four-legged friend, eat PB&J's on a blanket with the kids or spend the night under the stars. However you do free-time best, there will be a Lake Park opening for you soon.
